

MINNESOTA HISTORICAL SOCIETY

Minnesota Black Newspaper Index

Last updated June 2002

Author's note:

My name is Brendan Henehan. This is an informal index of newspapers that I have compiled over the past several years. It is not meant to be an exhaustive listing of topics. I have looked at each of the newspapers listed in the Newspaper Key of this index, quickly scanning them for topics of interest to me. You'll notice particular passions of mine: baseball, media and the law. Yet I have tried to be general in my interests as well. Each of the papers listed in the key are available at the Minnesota Historical Society except for the *New York Age*, which is available at the University of Minnesota's Wilson Library. I'm not a librarian or a professional historian, so please be patient with my subject listings. My goal in creating this index is to share information and whet folks' appetites about regional African American history. There are a lot of good stories here. And my goal is to get more people interested in them. I would be more than happy to answer any questions people have about anything listed here. I am also eager to hear from the many people who know more about this stuff than I do. Feel free to contact me at 651-229-1379 or 651-690-0246. My email address is bhenehan@tpt.org.
